FIG. 2

Figure .3

A line graph showing Intensity Transmission (Y-axis, 0.00 to 1.00) versus Incident Angle in Degrees (X-axis, 0.00000 to 90.00000). Two curves are plotted: L308 (upper curve) and S05 (lower curve). Both curves start at an intensity of 0.70 at 0 degrees. The L308 curve rises to a peak of approximately 1.00 at 85 degrees before dropping sharply. The S05 curve decreases steadily to 0.00 at 90 degrees. An 'X' marks the point where the two curves intersect at approximately 30 degrees and an intensity of 0.65.

Incident Angle (Degrees)	Intensity Transmission (L308)	Intensity Transmission (S05)
0.00000	0.70	0.70
30.00000	0.75	0.65
45.00000	0.85	0.55
60.00000	0.95	0.40
75.00000	1.00	0.20
90.00000	0.00	0.00
